

Aside from game play, rich history, interactive roleplay opportunities and the ability to play how you want and be what you want? The Seventh Sun is a higher level text-based game. TSS is not just 'a MUD', its an online text-based roleplay adventure. A lot of attention to detail and realism has gone into the design and development of this world. Our commitment to constant growth, expansion, and change, as well as our desire to not only produce quality games, but play them, will provide you, the player, a deeply intricate world in which to invest your time and creativity.
